

Kia Picanto Panel Van

Everyone's favourite runabout

Movement that inspires

We are
Motus

Everyone's favourite runabout

The Kia Picanto Panel Van is an innovative interpretation of a simple idea. As an urban runabout, it merges the endearing qualities of the evergreen Kia Picanto with the space required to effectively move small loads from point A to B. The result is a mobility solution that offers the practical space and efficiency needed in a fast-paced business environment, with the additional peace of mind that comes from Kia's renowned reliability and Unlimited Kilometre, 5-year warranty.

* Images may show features not available in South Africa and are included for illustrative purposes. Specification varies by model. Please consult your Kia dealership to confirm all specification.

Colour touchscreen

The standard 8" colour touchscreen infotainment system offers easy access to convenience and driver assistance systems. Beyond viewing and selecting audio and other vehicle functions, it integrates a rearview camera with dynamic guidelines to make reversing a cinch. The large screen also means it's easier to make selections on the go.

Bluetooth handsfree

Connect your mobile devices seamlessly with Built-in Bluetooth®, get instant, easy access to music streaming and hands-free calls for those work-from-car days.

Front-tray USB charger

A centrally located USB charger gives the driver and passengers easy charging access for their compatible smartphones, tablets and gaming equipment.

Black cloth upholstery

Standard black cloth upholstery add a touch of style to the Picanto Panel Van cabin, while remaining durable and easy to clean.
