

The Kia Tasman

Built for rough. Tuned for smooth.

Movement that inspires

We are
Motus

Everything you want without compromise

Not all pickup trucks are created equal. Some are built for power, others for comfort. it's rare to find one that strikes the sweet spot between both. Rugged and tough on the outside, yet refined on the inside, making every drive feel premium.

Why settle for less when you can have it all with the all-new Kia Tasman.

* Images may show features not available in South Africa and are included for illustrative purposes. Specification varies by model. Please consult your Kia dealership to confirm all specification.

Go where others can't.

The Tasman is engineered for every road, every challenge.

The rugged exterior design, inspired by the iconic Tiger Nose Grille, framed by vertical lights and a strong front bumper, makes a bold statement of power, hinting at the formidable machinery within. Its broad, high hood suggests the strength beneath, while the confident side profile with geometric fender highlights adds to its commanding presence.

With these tough, functional features, the Kia Tasman is always ready to tackle the next adventure, wherever it leads.

Rugged yet refined

Just as the exterior breaks the mould, the Kia Tasman's interior offers striking luxury.

Its ruggedness and sophistication come together to create a premium driving experience. Symmetry, clean lines, precise detailing and an abundance of advanced tech features work in harmony for a perfect blend of luxury and practicality.

It's the kind of pickup that'll withstand the test of time.

Set the pace.

The all-new Tasman is a high-torque powerhouse, delivering relentless pulling power so you can navigate the most demanding conditions with a sense of calm.

Paired with a precision 8-speed automatic transmission, it strikes the perfect balance between fuel economy and the raw, mechanical strength needed to make your heaviest loads feel weightless.

* Images may show features not available in South Africa and are included for illustrative purposes.
Specification varies by model. Please consult your Kia dealership to confirm all specification.

X-TREK mode.

The Kia Tasman is ready to assist you in taking on some of the most challenging paths. The specially designed X-TREK mode enables stable, constant driving through low-speed cruising, allowing off-road enthusiasts to easily break through rough, demanding terrains.

*Only available on X-Pro.

* Images may show features not available in South Africa and are included for illustrative purposes. Specification varies by model. Please consult your Kia dealership to confirm all specification.

Big capacity, even bigger adventures

With a towing capacity of up to 3,500 kg, the Kia Tasman can take on just about anything, whether it's hauling heavy gear or towing your adventure essentials. Its impressive towing power is complemented by features such as integrated trailer brake control for smoother handling, a robust payload capacity to carry extra gear, and wading capabilities that ensure you're prepared for any terrain.

Images may show features not available in South Africa and are included for illustrative purposes. Specification varies by model. Please consult your Kia dealership to confirm all specification.

For the ultimate convenience

The Kia Tasman blends heavy-duty utility with clever, integrated workspace solutions, including corner steps, side storage and a versatile console table.

With the added convenience of an onboard power outlet, you stay fully charged and organised no matter how far off-road you venture.

It's the raw grit you need to go anywhere.

* Images may show features not available in South Africa and are included for illustrative purposes.
Specification varies by model. Please consult your Kia dealership to confirm all specification.

Crank it up

With the legendary Harman Kardon system, you can elevate every drive to a whole new level of audio excellence. Its rich, immersive sound transforms every journey into a concert on wheels, elevating every moment on the road.

harman/kardon

Safety at every turn

The all-new Tasman integrates advanced DriveWise technologies with a rugged chassis to create a haven for work or play.

* Images may show features not available in South Africa and are included for illustrative purposes. Specification varies by model. Please consult your Kia dealership to confirm all specification.

Blind-Spot View Monitor (BVM)

A live feed of your blind spots is projected directly onto the digital instrument cluster when you activate your turn signal.

*Available on SX and X-Pro trims.

Surround View Monitor (SVM)

Gain a clear 360° perspective around your Tasman, simplifying manoeuvres on tight trails or in crowded parking lots.

*Available on SX and X-Pro trims.

Forward Collision-Avoidance Assist

With Junction Crossing and Evasive Steering Assist is engineered to anticipate the unexpected. Using a forward-facing camera and advanced radar, FCA 2 helps prevent accidents with vehicles, pedestrians and cyclists ahead and can even intervene during intersection turns.

*Only available on SX & X-Pro.

Safe Exit Warning (SEW)

When stationary, the vehicle scans for traffic approaching from the rear. Should a passenger open a door, a warning is issued to help avoid a potential collision.

Lane Following Assist (LFA 2)

Stay perfectly centred. Using the front-view camera, LFA identifies lane markings and provides subtle steering inputs if it senses you're beginning to drift, ensuring you stay exactly where you need to be.

*Available on SX and X-Pro trims.

Blind Spot View

Eliminate the guesswork. When you activate your turn signal, the BVM displays a live video feed of your blind spot directly in the instrument cluster, giving you a clear view of approaching traffic before you make your move.

*Available on SX and X-Pro trims.

Multi-Collision Braking (MCB)

Safety that acts in an instant. In the event of an initial impact that triggers airbag deployment, MCB automatically applies the brakes to prevent or mitigate subsequent collisions, bringing the vehicle to a controlled stop.

*Standard on all models.

Smart Cruise Control (SCC)

The ease of an effortless drive. SCC maintains your set speed and distance from the vehicle ahead, even in stop-and-go traffic. In the X-Pro, this tech evolves into a semi-autonomous experience, making long-haul journeys feel shorter.

*Available on SX and X-Pro trims.

Blind-Spot Collision-Avoidance Assist (BCA)

Active protection from every angle. Using rear-corner radars, the system detects vehicles in your blind spots and can apply the brakes to help avoid a collision. It also monitors traffic as you exit a parallel parking space, alerting you to approaching hazards.

*Available on SX and X-Pro trims.

* Images may show features not available in South Africa and are included for illustrative purposes. Specification varies by model. Please consult your Kia dealership to confirm all specification.

* Images may show features not available in South Africa and are included for illustrative purposes. Specification varies by model. Please consult your Kia dealership to confirm all specification.

Corner Steps

A step has been installed in the rear corner to make it easier to get on and off the bed.

Underbody Skid Plate

For serious off-road protection, the Tasman comes with underbody skid plates. These robust plates shield the vehicle's undercarriage from rocks, debris, and rough terrain, helping to maintain critical component integrity when venturing off the beaten path. This feature reinforces the Tasman's ruggedness and readiness for demanding environments..

Panoramic Wide Display

Smart Key (FOB) with button start.

Smart Charging

Keep your phone & devices charged on the go with available wireless charging trays & multiple USB Type-C chargers.

*NB: The multiple USB Type-C charger feature is only available in the X-Pro.

Front Seat USB Charge Ports

*Available on SX and X-Pro trim.

* Images may show features not available in South Africa and are included for illustrative purposes.
Specification varies by model. Please consult your Kia dealership to confirm all specification.

* Images may show features not available in South Africa and are included for illustrative purposes.
Specification varies by model. Please consult your Kia dealership to confirm all specification.

Heated and Ventilated front seats

Stay comfortable all year long with heated/ventilated front seats & dual-zone climate control.

*Available only on X-Pro.

Seat Material
The standard LX grade features black fabric seat and bolster upholstery. SX and X-Pro offer Artificial leather seating.

Back seat panel with pocket (Driver & Passenger)
*Available on SX and X-Pro trims.

Back seat panel with pocket (Driver & Passenger)
